Subject: **2019 Database Pricing**

BendixKing announces the continuation of the simplified structure and ordering process for database subscriptions. This process has helped control costs, reduced your need to contact BendixKing directly thus saving you time, and enhanced the user experience.

You'll find the Internet subscriptions services listed under the 2019 Database Pricing. These do not require a media fee or shipping charge thus providing the most economical method to order.

If you require floppy disc or database cartridge update service, your cost will be the 2019 Database Price, the Media Fee, and the Shipping Charge combined. The shipping charge calculates automatically during the online checkout for renewals and new orders.

The 2019 pricing for the Wingman Services is as follows:
