

GET WX IN YOUR COCKPIT

I want to get weather in my cockpit
.....*how do I do that?*

1

Buy your new AV8OR Handheld or AV8OR ACE

Go to an authorized Bendix/King dealer and purchase the AV8OR (MSRP from \$799) or the AV8OR ACE EFB (MSRP from \$1999)

For a list of authorized Bendix/King dealers, go to:

<https://www.bendixking.com/DealerSearchServlet>

To learn more about the AV8OR and AV8OR ACE, visit us at

<https://www.bendixking.com/AV8OR/>

Get weather in your cockpit

2 Buy your new weather receiver from WxWorx

Some Bendix/King dealers offer a discount on the weather receiver (by WxWorx) or offer it as a package with the AV8OR/ACE. Please ask the dealer directly about any special GPS/Weather promotions

You can also purchase the weather receiver direct from WxWorx and receive a discount using the coupon that comes inside the box of your AV8OR/ACE. To learn more about the weather receiver from WxWorx, go to <http://www.wxworx.com/aviation/receivers.php>

What if I already own a weather receiver from WxWorx?

Please contact WxWorx support <http://www.wxworx.com/contact.php> to see if your existing receiver is compatible

What if I already own a Bendix/King KDR-610 XM receiver?

No problem! Your KDR-610 will interface to the AV8OR/ACE via a RS-232 input. An RS 232 to RS 422 converter is required and can be purchased from Telebyte (Model 253) at <http://www.telebyteusa.com/catalog/products/253.htm>

3 Register your new AV8OR Handheld or AV8OR ACE

To register, follow the instructions that came with your AV8OR / Handheld or go to the AV8OR "Customer Center" at

<http://www.bendixking.com/wingman/av8or/Av8orHome.jsp>

4 Activate your XM Weather Subscription

Subscription pricing is dependent on the level of weather service that you require

To find out more about weather subscription options and pricing, and to activate your XM Weather Subscription, go to

http://www.wxworx.com/aviation/services_pricing.php

5 Connect your AV8OR / AV8OR ACE to your WxWorx Weather Unit

Wired or wireless via Bluetooth, you have a choice depending on the Weather Receiver that you purchased. Setup for both is in the users guide that comes with your unit.

Plus, a handy "how to" guide to setup Bluetooth is available by downloading from the AV8OR "Customer Center" at

<http://www.bendixking.com/wingman/av8or/Av8orHome.jsp>

6 Enjoy the value and convenience of weather in your cockpit!
