If you operate an E2 aircraft, please contact dsa@honeywell.com to subscribe to a custom navigation database.

If you operate a mixed fleet and would like to take advantage of a common database for your operations, please contact: dsa@honeywell.com with your software (SW) Load levels and/or Operational Top Level System Part Numbers (EB Numbers), so they can process your request.

For more information about the procedure removals and how each SW Load is impacted, please reference SIL D201011000003. This SIL also provides instructions on retrieving your Operational Top Level System PN.
