GET TRAFFIC IN YOUR COCKPIT

I want to get traffic in my cockpit

.....how do I do that?

1

Buy your new AV8OR Handheld or AV8OR ACE
Go to an authorized Bendix/King dealer and purchase the AV8OR (MSRP from $799) Handheld or the AV8OR ACE EFB (MSRP from $1999)

For a list of authorized Bendix/King dealers, go to
https://www.bendixking.com/DealerSearchServlet

To learn more about the AV8OR and AV8OR ACE, visit us at
https://www.bendixking.com/AV8OR/

Get traffic in your cockpit

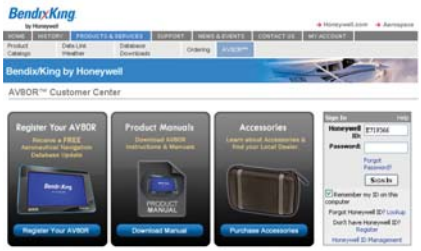
2 Buy your new traffic receiver from Zaon

The Zaon PCAS XRX MSRP is $1495:
You can purchase direct from Zaon or from an authorized dealer.

See **www.zaon.aero** for more details on where and how to buy

3 Register your new AV8OR Handheld or AV8OR ACE

To register, follow the instructions that came with your AV8OR / Handheld or go to the AV8OR "**Customer Center**" at
https://www.bendixking.com/wingman/av8or/Av8orHome.jsp



4 Register your new Zaon PCAS XRX traffic receiver

To register, go to www.zaon.aero then at the top of the page select support/registration

5 Connect your AV8OR / AV8OR ACE to your Zaon Traffic Unit

Wired or wireless via Bluetooth, you have a choice.
Setup for both is in the users guide that comes with your unit.
Plus, a handy "how to" guide to setup your AV8OR with the Zaon traffic receiver is available by downloading from the AV8OR "Customer Center" at
https://www.bendixking.com/wingman/av8or/Av8orHome.jsp

6 Enjoy the value and convenience of traffic in your cockpit!
