

Navigation Database Production

Honeywell Inc.
21111 N 19th Ave
Phoenix, Arizona 85027

Date : 05 May, 2023
Subject : Removal UHHH-SIDs from select GNS Databases
Impacted : VNE, X2M, X2R, X3M, X3R, X6R, X6W & X9R
Cycle : 2305

NOTICE TO CUSTOMERS REGARDING UHHH SIDS - 2305

At UHHH, NOVY airport, procedure identifiers for some Standard Instrument Departures (SIDs) changed in cycle 2305.

Consequently, as the database contains two cycle data, the procedure transitions for UHHH have exceeded the maximum limit for the database. In order to reduce the procedure transitions within prescribed limits for UHHH, Fifty Seven (57) SIDs applicable to old-cycle (2304) are excluded. However, all SIDs valid from 2305 cycle effective date of 18 May 2023 remain in the database. The list of excluded SIDs for cycle 2304 is tabulated below.

AGUN1C	ARDE1A	ARDE3A	ARGU1A	ARGU3A	DIDE1A	IVAD1A	NEBA1A	TOMS1A
AGUN1L	ARDE1C	ARDE3C	ARGU1C	ARGU3C	DIDE1C	IVAD1C	NEBA1C	TOMS1C
AGUN1P	ARDE1L	ARDE3L	ARGU1L	ARGU3L	DIDE1U	IVAD1U	NEBA1U	TOMS1U
AGUN1U	ARDE1P	ARDE3Q	ARGU1P	ARGU3Q	DIDE3A	IVAD3A	NEBA3A	TOMS3A
AGUN3C	ARDE1U	ARDE3R	ARGU1U	ARGU3R	DIDE3C	IVAD3C	NEBA3C	TOMS3C
AGUN3R		ARDE3V			DIDE3R	IVAD3R	NEBA3L	TOMS3L
AGUN3V							NEBA3Q	TOMS3Q
							NEBA3R	TOMS3R
								TOMS3V

To limit the impact to your operations if you fly out of UHHH, you can delay loading of the new 2305 database until the effective date. The current 2304 database that you have loaded is effective until 18 May 2023. Once you load the new 2305 database, you will lose the above departures until the 2305 data becomes available on 18 May 2023.

Best Regards,
Aviation Services
