DATE: 15 May 2024  
SUBJECT: Potential for missing data with supplier change  
Impacted: NavDB Subscribers  
Cycle: 2405 – Effective Date 16 May 2024

Dear Valued Customer,

Several weeks ago, a notice was sent to inform you of a change in data supplier for your NavDB. It is anticipated there will be differences and the potential for missing data. This notice is to make you more aware of that potential and inform you to notify [Aviation.Services@Honeywell.com](mailto:Aviation.Services@Honeywell.com) for any issues that arise from using the 2405 NavDB. We will forward those directly to Lufthansa Systems for analysis / action.

Thank you,

NavDB Team
