How to Configure WxWorx™ Bluetooth Capable XM Weather Receiver to your AV8OR Handheld.

This step-by-step guide provides AV8OR Handheld owners looking to pair their WxWorx™ Bluetooth-capable XM Weather Receiver with the AV8OR Handheld.

WHAT YOU'LL NEED

- AV80R Handheld
- WxWorx Bluetooth capable XM Weather Receiver (valid subscription required)

ONE

Ensure both the AV8OR and the Weather device are powered and running.
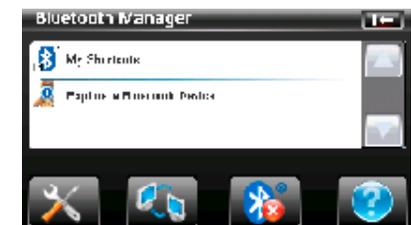

TWO

From the **AV8OR MAIN MENU**, touch the **"SETTINGS"** soft key and then touch the **"Blue Tooth"** soft key to display the main **Bluetooth configuration** page:

THREE

Touch the **"Bluetooth Icon"** to open the **Bluetooth manager** page:

FOUR

Double tap on the **"Explore a Bluetooth Device"** option. This will initiate a search for Bluetooth devices. While the search is in progress, the following page is displayed:

FIVE

When the WxRadio receiver is found, double tap on the WxRadio or highlight the **"WxRadio"** file and touch the soft key to access the device and display

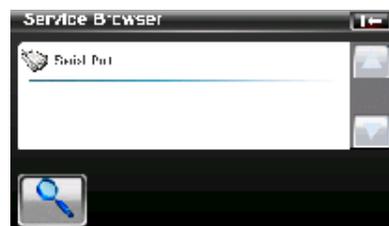

SIX

Enter the Passkey supplied with your WxWorx receiver or **"9679"** and then touch **"OK"** to continue to the Bluetooth Service Browser screen:

SEVEN

Touch the **"Bluetooth Serial Port"** item to select:

EIGHT

Touch the [icon] soft key to start the connection process.

NINE

The page will look like the figure below once the WxWorx receiver is paired:

TEN

Press **"Menu"** button on top of AV8OR Handheld to return to **AV8OR Main Menu** page:

ELEVEN

On the **Main Menu** page, tap the "Go Fly" [icon] soft key to start the Aviation mode navigation program.

TWELVE

Touch the **"OK"** soft key at the Self Test. From the **Map page**, tap on the **"MAIN MENU"** soft key to go to the **Aviation Main Menu**.

THIRTEEN

Tap the **"Settings"** soft key to open the **System Setup Menu**.
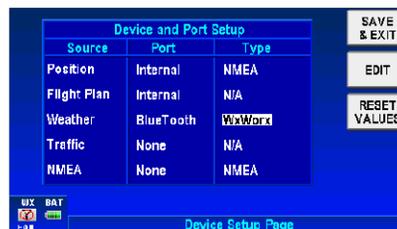

FOURTEEN

Highlight the **"Device Setup"** option and touch the **"SELECT"** soft key to display the **Device Setup** page.
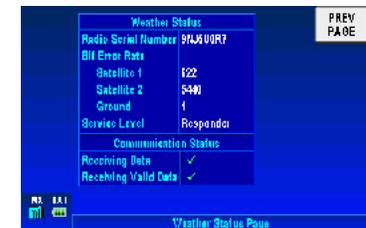

FIFTEEN

On the **Device Setup page**, the configuration steps are:

- Set the Weather **Port** to **"BlueTooth"**.

- Set the Weather **Type** to **"WxWorx"**. When finished the setup should look like the screen below:

- Touch **"SAVE & EXIT"** soft key to exit this page.

SIXTEEN

Touch **"Status Page"**, scroll down and highlight **"XM Weather Status"** and touch **"Select"**. Review the **Communication Status**, this should have green check marks as seen below for **Receiving Data** and **Receiving Valid Data**:
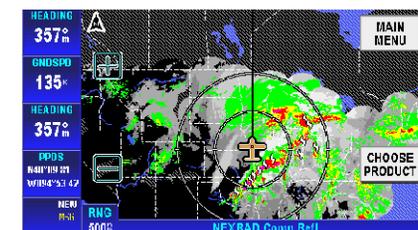

SEVENTEEN

Touch **"PREVIOUS PAGE"** (twice) and touch the **"Main Menu"** to back out and display **Main Menu** page:

EIGHTEEN

Touch **"Weather"** to view current NEXRAD weather. Please note, this may take a few minutes before NEXRAD weather is received and displayed.
